## "Never wake up"

Flash movie created by media artist Agricola de Cologne.  
It is based on the artist's poem of the same name.

Subject:

Loss of identity:

Soldiers become distorted, veterans of war are not able to be reintegrated in society.

The poem/movie uses some fundamental images:

The **soldier**= metaphor for the human individual

**War**=metaphor for life, respectively the fights of all day life

**Veteran of War**=the human being who can not rid of the Shadows of the Past.

The work is developed according the principle of **SAMAC** (Simultaneous Associative Media Art Composing) which describes Agricola's individual way of experimental electronic writing: words, sound, images, animation, music and voice performance are developed simultaneously-depending on each other - in one long single process.

Voice and sound performance by Agricola de Cologne.

The movie is developed in Flash, directed and produced by Agricola de Cologne.
